Official Municipal
P. H. B.

No. 802 of 1919-20.

Huzur Office Savenur.

Dated 26th Sept. 1919.

Returned with compliments.

2. It should please be stated why the House-tax, the Water-tax and the Conservancy Cess have been raised regarding the Dharwar Bungalow and what they respectively were during the last year.
3. As water is reported not to be passing freely through the pipes to the said Bungalow. The Chief Officer is --- requested to have necessary repairs to the pipes immediately and inform the undersigned of his having done so.
4. The bill is herewith enclosed.

Sd/- Sawakar,

Chitnia

For Nawab of Savenur.

No. 670 of 1919-20.

30-9-1919.

Returned with compliments.

2. The taxes for the year 1918-19 were as follows:-

House-tax Rs. 84-8-0		Out of this Rs.12 for
General Water-tax Rs. 84-8-0		General Bhengy had not
General Bhengy Rs. 12-0-0		been shown in the bill

of demand and hence it was remained to be collected. But during this year i.e. 1919-20 the taxes have been revised and have been raised from Rs.84-8-0 to Rs.112-8-0 in the case of House-tax. As the General Water-tax is always equal to the House-tax, and equal amount of Rs.112-8-0 is shown this year. So also the General Conservancy Cess has increased automatically with the House-tax.

3. I have received no complaints as yet about the ----- insufficient supply of water before this time. If that be a fact, I shall see to it.
4. The favour of an early remittance of the whole amount is requested.

25th June 1908.

(continued) No. 277-280

To The Conservator of Forests

Salem State, N.J.

Sir, I am endeavouring to collect such information as

The production, consumption and the value of Sandalwood are all increasing and one of my objects is to ascertain which are the improving markets.

of the foreign markets, Germany, the United States and France are all taking this wood in increasing quantities, but the important point, namely, that of the position of the Indian Market, remains unanswerable until information regarding the total production of India, and the quantities exported, is obtained.

The Imperial Forest Economist has kindly undertaken to give me the figures of the total production of India, but he may not be able to give me the other information which I require and hence my troubling you now.

What is required is, to have a good understanding of the situation.

1. The Districts and Native States etc. within your Presidency which produce Sandalwood.
2. The total production of each District or State (classification not needed), for the past 10 years.
3. The total annual sale realizations of each District or State.
4. Average sale value per ton, annually.
5. Names of chief purchasers.

I trust you will pardon the trouble I am giving. A

I have the honor to ^{send} ~~send~~ the information of
character for the enclosed I etc

In regard to the above

- (1) There are 25 villages in the state. Sample
woodlice, were found to grow in about
10 of these villages.

- (2) The trees are sold by auction when they are sufficiently grown up. The annual production of the state for the last 20 years cannot be given as the trees are not annually sold.

- (3) The realizations for 1905 & 1907 when
the trees were sold were $\frac{520}{15} = 34.67$ and 71.5 per
tree.

- (4) ^{Expected} Information provided
The average sale value per ton cannot
be ascertained.

- (5) The names of Purchases are as noted
- (1) Raghunath Khimaji } in the margin
(2) Ramkrishna Anant }
(3) Krishnaji Kumbhar } (6) It will be seen that Samite
is not must produced in this
State. I have apt
